Perspective:

I Go to God for Healing

Let's consider four ways God chooses to heal us.

1. God provides healing is through the manner in which He created our body. Most of us expect our immune system to fight off colds. We expect a scab to form over a cut. We may not think to thank God when our body heals naturally from an injury, but this type of healing is a result of how God created our body.

2. God can also work through the care of the medical profession. Just as God gave the Israelites practical wisdom for disinfecting and dealing with disease in their time, we can lean on good advice, medicine, or surgical intervention in our time as well. Then we can thank God if He chooses to bring healing through these means.

3. God heals is supernatural intervention like He chose to do for Naaman. When God breaks in and heals our body, He gives us a glimpse of His coming kingdom. God still displays His power this way!

4. God might choose to heal us when we get to heaven. There we will have no more pain, suffering, sickness, and sorrow. What a day that will be!

When we go to God for healing, we know He hears and He heals. We don't always know (or understand) His method of healing or His timing, but we can trust that He knows best.

Sincerely,

Kenny and Faye McCoy

The LORD bless you and keep you!

The LORD let his face shine upon you and be gracious to you!

The LORD look upon you kindly and give you peace!
