### ***Perspective:***

The Holy Spirit Fills Believers at Pentecost Acts 1:3–5; 2:1–8, 14–21 Different kinds of power have different kinds of sources. For example, healthy food gives us power to run fast and exercise. Electricity gives power to charge cell phones and play video games. Gasoline or electricity gives a car power to travel a long distance.

All of these things are powerful, but there's a different kind of power—power that comes from being baptized in the Holy Spirit.

Jesus had spent a lot of time with His disciples while He was here on earth. He had taught them about God and how He wanted His followers to live. They had seen Jesus perform incredible miracles and do supernatural things that only God could do. When it was time for Jesus to return to heaven, some things were going to change drastically for the disciples.

The Holy Spirit gives incredible power! The Holy Spirit helps us so much. He gives us boldness to tell other people about who Jesus is.

He fills us with power to know Jesus better and live for Him. The Holy Spirit also gives us a new special prayer language to help us talk to God when we don't know what to pray.

He even gives us strength to get through tough situations.

The Holy Spirit changes our life and gives us incredible power!
